FEATURES AND FUNCTIONS

5 STAR WELS

- Enviro-Tech flush valve and Infrared sensor plate installed in wall above Architectura urinal
- Activation by infrared sensor
- In wall installation
- Choose mains power with battery backup OR long life battery power only
- Vandal Resistant with choice of finishes
- Access through front face plate
- Minimal false activation with 2 sec delay and 60cm detection zone (passing traffic will not activate sensor)
- Hygienic pre-flush

Operation

When the user enters the sensing range for 2 second, the flush valve automatically activates a 2 second pre-flush (if selected)

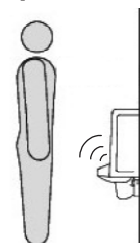

When the user steps away, the flush valve automatically activates.

- 0.9l per flush including pre-flush
- Stadium Mode
- 24 hour hygiene flush
- Warranty: 5 years on ceramics, 3 years on flush valve.
- To Specify: 5 star Villeroy & Boch Architectura urinal model 55742001PB with ET3-10DC or AC/DC Enviro-tech flush valve.

6 STAR WELS

- Enviro-Tech urine Sensing sensor installed to rear base of Architectura urinal
- Activation by 'urine sensing' technology
- In wall/induct or in ceiling installation
- Must be connected to mains power but has battery backup power
- Vandal Resistant all parts completely concealed
- Access behind urinal, in wall or in ceiling
- Activation by liquid in urinal ONLY
- No Pre-flush, Sensor will only flush when urinal is used confirmation time 5 seconds

Operation

The sensor will activate when urine is detected on the surface of the urinal.

- 0.9l per flush starts during use
- Stadium mode with confirmation time post flush of 10 seconds
- 24 hour hygiene flush
- Warranty: 5 years on ceramics, 3 years on flush valve.
- To Specify: 6 star Villeroy & Boch Architectura urinal model 55742001PB with ET3-M AC/DC Enviro-Tech flush valve.
